RE: File Vault

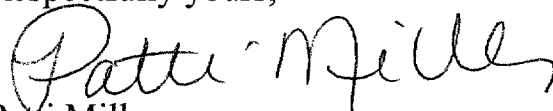

I have had the pleasure of working with File Vault for almost three years. The entire staff is very professional, helpful and friendly. Adam Petricoff and Dan Peck have always been very fair and understanding to our needs.

The move of our records was a very large project for File Vault; we had over 5000 boxes that needed to be moved from our previous storage company to File Vault. File Vault did an outstanding job to assure that this transition was very organized and thorough. I have been very impressed with the one on one care that they give each of their customers.

File Vault is a growing company with an excellent and professional staff, willing to meet their customer's needs and always looking at ways to provide them with better service. I would recommend File Vault to any organization that is looking for a records management company with so much more to offer.

Please feel free to contact me at 704-482-1006 with any further questions regarding the outstanding performance that File Vault has provided the Sanger Clinic.

Respectfully yours,

Patti Miller
